

## ***“Add safe entry and exit to your RV”***

Solid large steps and railings help make your RV experience safe. Add on a deck and you now have a landing / porch which adds even more to the safety. No need to leave your deck and/or stairs behind either. They assemble/disassemble in less than 5 minutes and are easy to store and take with you. You need center, left or right side entry? No problem. All StairSafe deck models allow for all 3 entry's and you can change as needed. All Stair-Lite models are center entry only. (due to no deck) Pet Friendly? No problem. We have pet ramps, kennel, deck model pet access gate options. We have many model, options and accessories so you can design your deck and or stairs to your specific needs. Our design is modular so can have multiple decks and stairs also. We also do custom orders for unique needs.

to a totally new level”***

## ***Portable Steel Stairs & Decks***

**HCCR RV Products, LLC**  
**hofmannccr.com**  
**480-837-4927**

HCCR RV Deck and Stair products is a joint venture between HCCR, LLC Fountain Hills, Arizona and Steel Works a steel and fabrication company out of Henderson, Nevada. We have worked together to design, manufacture and sell a totally new concept in portable steel stairs and decks for the growing RV industry. Our design is modular and can simply be assembled, disassembled and stored in minutes. We have standard models for deck/stairs (StairSafe) and also stairs & railings with no decks (StairLite). We also can do custom designs and modifications. Our deck models can be assembled as left, center or right side entry and change set-up at any time. You can select one of 2 standard decks sizes (40x40 or 40x60) and even add multiple decks and stairs. (XD40, XD60) Our standard models support RV door thresholds from 14 to 49 inches. Our standard steps are 30 inches wide by 10 inches deep and risers are 7 inches. We can go from 2 steps to 6 steps. We also have many standard options for deck and StairLite models. Plus accessories like Cargo Carrier, Pet Kennels, redwood stairs railing caps.
